

Katie's Critters

*Written by Melanie Gall with Katie & Lauren Culkin
Illustrated by Kristina Tasic*

Katie's Critters is a place where all kinds of animals find a home. This is a book about six different small animals from the rescue. Featured are a ferret, a rat, a guinea pig, a tropical bird, a gerbil, and a rabbit. They all live in wonderful roomy, clean cages with all of their friends, and they are well taken care of, and make the people who work at Katie's Critters very happy. And when little children come with their families to Katie's Critters to adopt their new pets, everyone is very happy. The animals have found forever homes, the children have found little friends, and the adults too. This book is for young children, but is great for their parents and teachers as well.
